Subject: references used to develop the metabolism rate coefficients for PCDD/Fs for the Portland Harbor bioaccumulation model
Attachments: Table 1.pdf; \$Arnot et al 2008_fish biotransformation rate database.pdf; Arnot et al 2008_supplementS1.pdf

Kristine,

In response to your request for the list of references used to develop the metabolism rate coefficients for PCDD/Fs for the Portland Harbor bioaccumulation model, attached is a table (Table 1) describing the rationale for the selected values and other pertinent information based on the Arnot et al. 2008 paper. We have also attached the Arnot et al. 2008 paper and the database.

John
